

Features

Music sheet upload and reupload	Non email reliant means of communication
Each user role can access their own music sheets	Students and student teachers have access to a student page
Distribute music to appropriate section leaders	Chat groups for each section
Members only have access to their sectional music	Section-specific portal for communication
Conductor-specific site portal	Website section to store music files
Conductor area	User roles
Automatic email sent out containing individual music files	Users can change their instrument role
Different roles for users	Separate accounts for each user plus an admin account
Users can have multiple instrument roles	Assign roles through signup

Site Design

Contacts page - phone#, email, name, (see user roles here too?)	Archive rehearsals by season
Segregate students and members	View everything by season
Must be easy to distinguish member categories	Categorize archives by year
Each section leader has their own info box	Segregate instrument files and uploads
Site access hierarchy	Uploaded files must be easy to read
Restricted user access	
Restricted access based on user role	

Usability

Make simpler menu Navigation	Newest music pieces for the season at the top
Easier to navigate website	Sort music by season (ex. 2021-2022 is the current season)
Site needs to be super simple to use	Old seasons(music sheets) can stay on the page but in a collapsed dropdown?
Simple navigation, you can get TO any page FROM any page via the menu	More icons, larger text, very simple navigation
Individual account credentials	Individual login for each user

Improvements

Considerations of extending social media presence	Contact information section needs to be improved	Ensure members sign in with the appropriate credentials
Order newsletter by recent date	Improved archiving	Improve archiving system
Better contact info navigation	Improve website navigation	
Improved calendar	Improve google calendar map	
Better distribution of music related files	Conductor can upload new music under the CURRENT season	Section Leader can upload the annotated version of music sheet
Add music assistance tools	Improve communication and music distribution	Under the current season section next to the music sheets, a youtube link can be added for accompany track
